# 100.000 things

---

## *Couplet*

When the rain is falling down  
I'll think about this day

Even when the sun stops shining I shall think about this day  
Can I ever forget what's happened today?

Tell me how I can forget  
Tell me what's the way

Hundred thousand things are going through my head  
Hundred thousand things how do I clear my head (and I can't clear my head)

You don't have to tell me  
what's the difference between the best and the worst..

I Talked with someone  
and he told me how to handle the Hundred thousands things  
He said that he accepted the thoughts and blessed them in his head  
Blessed like in a song or story  
In this way it's not necessary to forget  
But remember the things without regret.

## *Bridge (tempo wisseling)*

Moving on, looking forward for the shining of the sun (2x)
