Everybody knows

Couplet 1

Everybody knows,
Life has an end
But for the end you don't have to fear

Everybody knows,
Love is for everyone
Love is for everyone

Bridge:

Oehoe oehoe

Refrein:

Stars fall out of the sky
War goes always on
But nobody knows why
Everything you do here in this world is only to learn

Couplet 2

Everybody knows
Money rules the world
But in this world money don't set you free

Everybody knows
Where a creation is, there is an end
But in this end there is no way to return

Bridge:

Oehoe oehoe

Refrain:

Stars fall out of the sky
War goes always on
But nobody knows why
Everything you do here in this world is only to learn
